

For Immediate Release

Anokiwave Inc. Names Alastair Upton Chief Strategy Officer

Anokiwave Inc. continues to expand its leadership team with the appointment of experienced executive Alastair Upton as Chief Strategy Officer.

San Diego, CA, 21 May, 2019: Anokiwave, Inc., an innovative company providing highly integrated IC solutions for millimeter-wave (mmW) markets and Active Antenna based solutions, today announced the latest addition to its executive leadership team with the appointment of Alastair Upton to the position of Chief Strategy Officer, a new position within Anokiwave, effective May 2019. Mr. Upton will report directly to Chief Executive Officer, Robert Donahue.

As the Anokiwave CSO, Alastair will be responsible for developing and executing Anokiwave's business strategy in all key markets, including responsibility for the strategic marketing organization, driving the company product roadmaps, and managing partnership programs. Prior to assuming the CSO role, Alastair was Senior VP of Business Development where he was responsible for capturing new 5G mmWave business opportunities, developing working relationships with partners, including network operators, and for providing overall telecommunications expertise to the company.

Mr. Upton joined Anokiwave in June of 2018 and brings more than 35 years of experience in the semiconductor industry covering both defense electronics and high-volume commercial applications at companies such as GE Aerospace, Lockheed Martin, RF Micro Devices (now Qorvo), MACOM, and IDT. Prior to joining Anokiwave, Mr. Upton served in a wide variety of leadership roles including General Manager, VP of Engineering, Business Unit Director, Sr. Director of RF Product Marketing. Alastair's global experience across several generations of technology and networks provides him a comprehensive perspective on all our mmWave markets.

"Alastair is uniquely qualified to drive business strategy and growth within Anokiwave," said Robert Donahue, Anokiwave CEO. "Alastair is an experienced executive with a history of visionary ideas and successful implementation, and is a valuable asset as we continue to ramp our business in 5G, SATCOM, and RADAR markets. Anokiwave and its customers will benefit greatly from Alastair's drive to develop new, innovative products, and to identify and create industry collaborations that foster market and company growth." Alastair is based at the company's Billerica, MA office.

Alastair earned his MS Executive Engineering Degree at the University of Pennsylvania and his B.Sc. Electronic and Electrical Engineering at the University of Leeds in England.

About Anokiwave:

Anokiwave is a cutting-edge provider of highly integrated IC solutions that enable emerging mm-Wave markets and Active Antenna based solutions. Anokiwave's creative system architectures and optimal selection of semiconductor technologies solve the toughest engineering problems.
