

**FOR IMMEDIATE RELEASE**

**Filtronic appoints new CEO**

**LEEDS, UK — 4 August 2020** — [Filtronic plc](#) (AIM: FTC), the designer and manufacturer of RF, microwave, and mmWave products for the wireless telecoms and mission-critical communications markets, is pleased to announce the appointment of Richard Gibbs as Chief Executive Officer (CEO). Richard's formal start date with the Company will be 1 September 2020.

Richard is an experienced director who has led a number of business operations supplying semiconductor, RF and electronics subsystems to the telecoms, aerospace, defence, medical and oil & gas markets. Richard joins us from Micross Components Ltd, a PE owned company, where he has been Managing Director since 2016. Prior to his time at Micross, Richard spent nine years at E2V Technologies, where he was Group Sales & marketing Director and President of the RF Product and Hi-Reliability Semiconductors Divisions, and 20 years with Honeywell, of which 10 years were spent managing overseas operations.

Reg Gott, Chairman, commented: "I am delighted to welcome Richard to the Company. He brings a wealth of relevant experience, technology and sector credentials to Filtronic and this combined with his strong track record of business growth & development position him well to provide the leadership required to deliver the next phase of our strategy."

Richard Gibbs said: "Filtronic has an unrivalled reputation as a provider of state-of-the-art RF products and innovative telecom solutions and I am delighted to have the chance to join them for the next stage in their development. I very much look forward to building on the established technology platforms and deep engineering knowledge to expand the current customer base and reach new and adjacent markets."
